Professional Summary

I am a dynamic physician executive with nearly 20 years of experience leading complex health organizations, recognized for enhancing brand integrity and visibility through strategic mission alignment. Specializing in articulating unique value propositions via multimedia, storytelling, and strategic partnerships, I am committed to fostering a supportive organizational culture that drives impactful results and collaboration. Proven ability to attract, retain, and mentor diverse talent, yielding significant organizational benefits. My extensive experience in public and individual health, both domestically and internationally, provides a deep understanding of healthcare challenges and access to a robust network of influential professionals essential for mission success.

Education

Degrees/Certificates

M.B.A., Leadership & Organizational Health

University of Saint Mary, 2019

Certificate in Executive Leadership

Harvard Kennedy School Leadership Institute, 2012

M.D., Medicine; Distinction: Dean's Scholar

David Geffen School of Medicine at UCLA (UCLA-Drew Program), 1994

M.P.H., Behavioral Science; Distinction: Honors Thesis

University of California-Berkeley School of Public Health, 1990

B.A., Ethnic Studies

University of California-Berkeley, 1988

Postgraduate Training

Fellow, US Public Health Service Primary Care Policy Fellowship, Department of Health and Human Service, Washington, DC, 2001

Fellow, Centers for Disease Control and Prevention Epidemic Intelligence Service (EIS), Atlanta, GA, 1998-2000

Residency, New York-Presbyterian Hospital/Weill Cornell Medical Center, Memorial Sloan-Kettering Cancer Center, Hospital for Special Surgery, New York, NY, 1994-1997

Leadership Experience

Managing Director

DLM LLC | Washington, DC and Naperville, IL, 2016 - present

DLM partners with organizations to bend the arc of wellness for defined populations. Areas have included organizational strategy, digital health solutions, disease management, medical tourism, and COVID-19 response and recovery.

- Set organizational mission, business vision and employee expectations for health consulting company.
- Create and update company digital presence to enhance consulting services marketing through professional websites and optimized social media profiles.
- Cultivate and strengthen client relationships using communication and professional networking.

Chief Operating Officer

Cook County Department of Public Health | Chicago, IL, 2022 – 2025

The Department of Public Health is a nationally accredited health department serving the nation's second-largest county. It is part of a \$6Bn public healthcare safety net system.

- Built and led an executive team, recruiting key leadership roles including Chief Nursing Officer and directors for various departments.
- Developed and executed the strategic plan, "Putting the Public in Public Health," establishing performance metrics for 2.3 million residents.
- Launched the Public Health Heroes League, an award-winning animated series that enhanced brand recognition and achieved a 300% increase in earned media.
- Streamlined grant-making processes, resulting in over \$18 million awarded to first-time grantees from vital community-based organizations.
- Leveraged \$70 million in COVID-19 relief funding to address critical health priorities in impacted communities.

Senior Advisor to the Secretary-General (long-term consultancy)

Council of Health Insurance | Riyadh, Saudi Arabia, 2020 – 2022

The Council regulates the private health insurance sector for 10 million beneficiaries, approximately 25% of the Kingdom's population, including payers, providers, and TPAs.

- Trained staff in population health management and advanced care models, enhancing regional healthcare practices.
- Established collaborative forums to innovate practice and payment models among payers and healthcare providers.
- Created disease registries for five critical conditions to support population health improvement initiatives.
- Developed a 5-year strategy to reduce the national incidence of chronic diseases, minimizing avoidable health expenditures.

Senior Consultant for Strategy & Growth (long-term consultancy)

American Medical Association | Chicago, IL, 2017 – 2018

AMA is the largest association of physicians in the U.S. whose mission is to promote the art and science of medicine and the betterment of public health.

- Provided strategic guidance to improve health outcomes for pre-diabetes and hypertension across multiple verticals.
- Developed a national health equity strategy targeting high blood pressure among African American men.
- Fostered partnerships with key organizations, including the American Heart Association and CVS Health, enhancing collaborative efforts.
- Hosted the AMA Doc Talk podcast, reaching millions of listeners weekly.

Executive Director

National Association of County & City Health Officials | Washington, DC, 2015 – 2017

NACCHO represents 3,000 local health departments across the U.S. Its mission is to improve the health of communities by strengthening and advocating for local health departments.

- Increased non-restricted revenue from membership and meetings by 20% in two years through strategic initiatives.
- Elevated brand visibility, resulting in a 400% growth in earned media coverage with national outlets.
- Cultivated donor relationships, expanding philanthropic and corporate funding partnerships by 33% in two years.
- Achieved membership and staff retention rates of 90% and 93%, respectively.
- Launched a professional development curriculum for 150,000 public health workers, focusing on leadership, strategic planning, and fiscal management.

Director (Cabinet Secretary)

State of Illinois Department of Public Health | Chicago, IL, 2012 – 2015

IDPH leverages a \$600M annual budget and 1,100 staff to safeguard 13 million residents in the nation's fifth-largest state through prevention, health promotion, regulation, and disease and injury control.

- Led initiatives achieving national accreditation from the Public Health Accreditation Board.
- Advocated for and established a Level 1 adult trauma center in South Side Chicago, serving 5,000 patients annually.
- Contributed to the Governor's Health Innovation team, implementing ACA reforms benefiting two million uninsured residents.
- Served as a statewide spokesperson, educating residents on health insurance exchanges and Medicaid expansion.

Commissioner

County of Ulster Department of Health and Mental Health | Kingston, NY, 2009 – 2012

Agency leveraged \$27M in collaboration with a 7-member board of health and staff of 225 to provide health services to residents to ensure their physical, psychological, and emotional well-being.

- Directed community health improvement plan to address health disparities that resulted in targeting resources to most vulnerable residents.
- Increased operational efficiency and clinician productivity by 15% in 18-months through training, implementing EHR, and benchmarking.
- Reduced annual expenditure by 55% in 3 years by consolidating two departments & satellite clinics and minimizing staff overtime.

Chief of Party (Director)

U.S. Centers for Disease Control and Prevention | Guyana, South America, 2007 - 2009

U.S. President's Emergency Plan for AIDS Relief (PEPFAR) mission was to strengthen infrastructure, improve public health science to reduce the health impacts from AIDS.

- Collaborated with key partners, including Ministry of Health, USAID, PAHO, Global Fund, & the Clinton Foundation.
- Led completion of construction of \$4.4M National Public Health Reference Laboratory on time and within budget.
- Coordinated successful coordinated consultancies for emerging public health threats, including H1N1, water safety, blood shortages, and outbreak investigations.
- Directed US Embassy's medical planning for humanitarian and civic assistance mission by the USS Kearsarge for Operation Continuing Promise in 2008.

Senior Medical Officer/Epidemiologist

U.S. Centers for Disease Control and Prevention | Atlanta, GA, 2000 - 2007

- Served as Global AIDS Program technical lead (2004 - 2007) for PEPFAR programs in Nigeria, Haiti, Namibia, Uganda, and Vietnam.
- Led CDC office in Namibia (interim period); provided strategic and technical assistance to countries with an average annual programmatic budget of \$250MM.
- Served as medical epidemiologist for the Division of Violence Prevention (2000 - 2003), providing consultation, research, and support.
- Performed epidemiologic studies on intentional injuries, including interpersonal violence, firearm injuries, elder abuse, and neglect, including lead CDC scientist for development and release of *US Surgeon General's Report on Youth Violence* (2001).
